Sri Lanka is well known for its rich Buddhist culture as well as other religions. Being a religious country, Sri Lanka has many places with religious and historic significance, which attract tourists from all over the world.

Amongst the beauty of Sri Lanka, the paradise isle is also famous for its Ceylon tea.

Tea is serious business in Sri Lanka. Formerly a British colony known as Ceylon, this small Indian Ocean island is famed for producing the finest tea in the world, grown and produced according to uncompromising, traditional methods and standards.

Introducing Ceylon Tea

It took an era of expertise to unveil the distinct nuances and complexities hidden in tea.

The process begins with the plucking of the tender leaves from the finest and freshest plantations in Ceylon.

From the beautiful high grown hills of Nuwara Eliya to the lush medium grown plantations in Kandy, all the way down to the Southern coastline in Ruhunu, each regional speciality carries a unique flavour laced with hints of exotic spice - presenting the experience of authentic Ceylon Tea in every cup.

The Benefits of Tea

No matter what the season, tea can be a tasty beverage since it can be served iced or hot.

But its benefits go far beyond refreshment. There is plenty of research that proves that drinking tea can actually improve your health. Habitual tea drinkers were in fact proven to have better heart health, lesser chances of cancer, improved dental health, relief of low blood pressure, etc.
